

Investigate Fresh Water

My Science Notebook

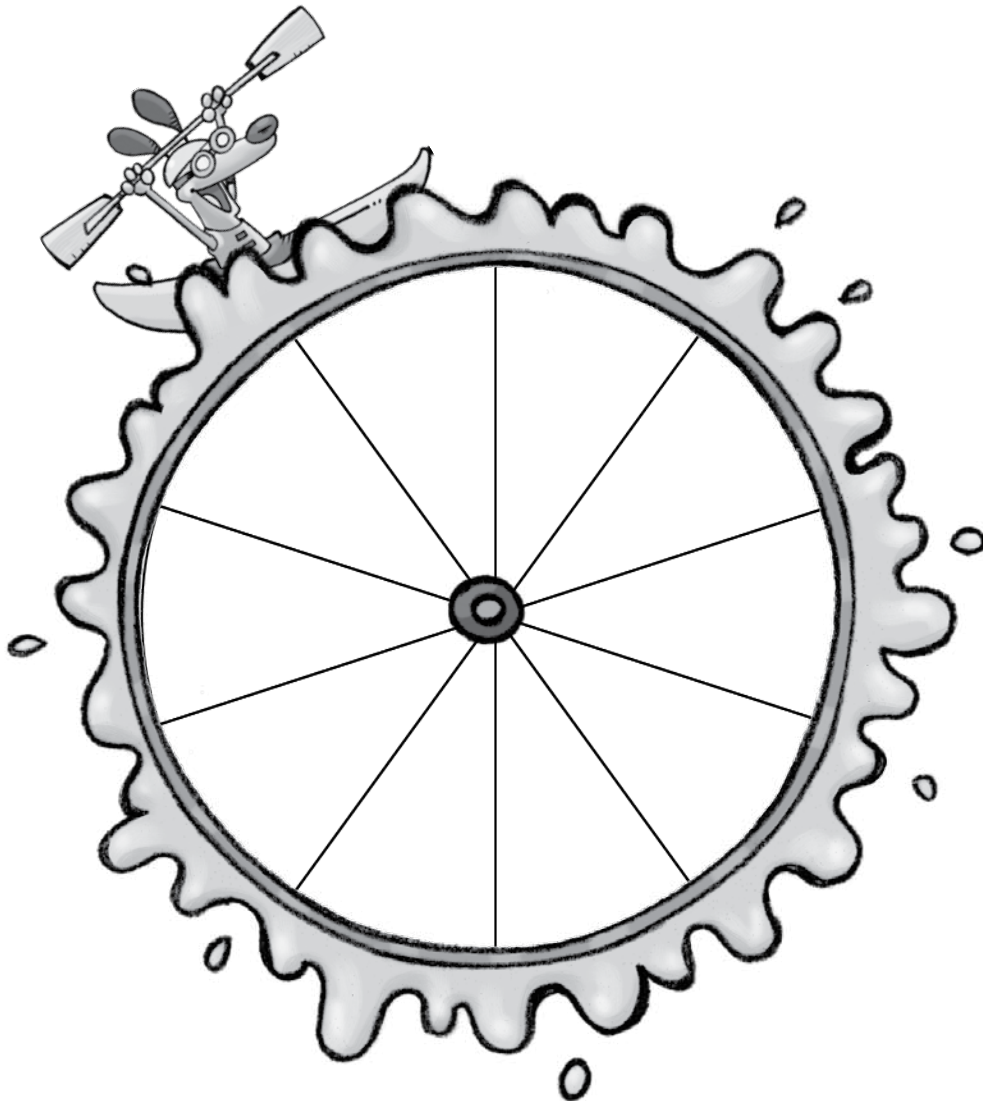

Name _____

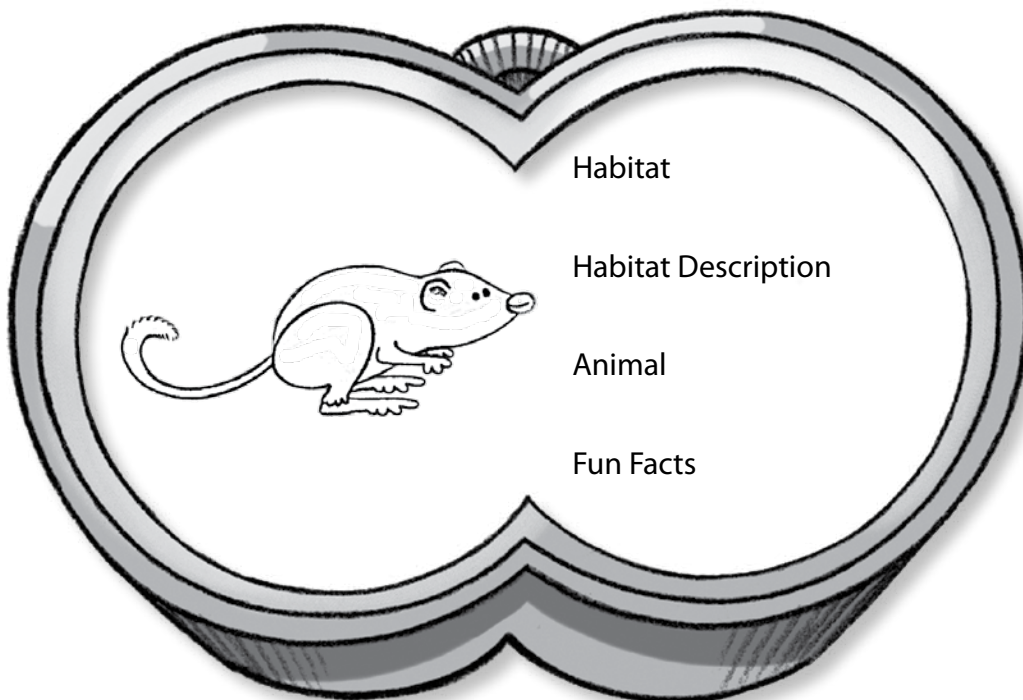

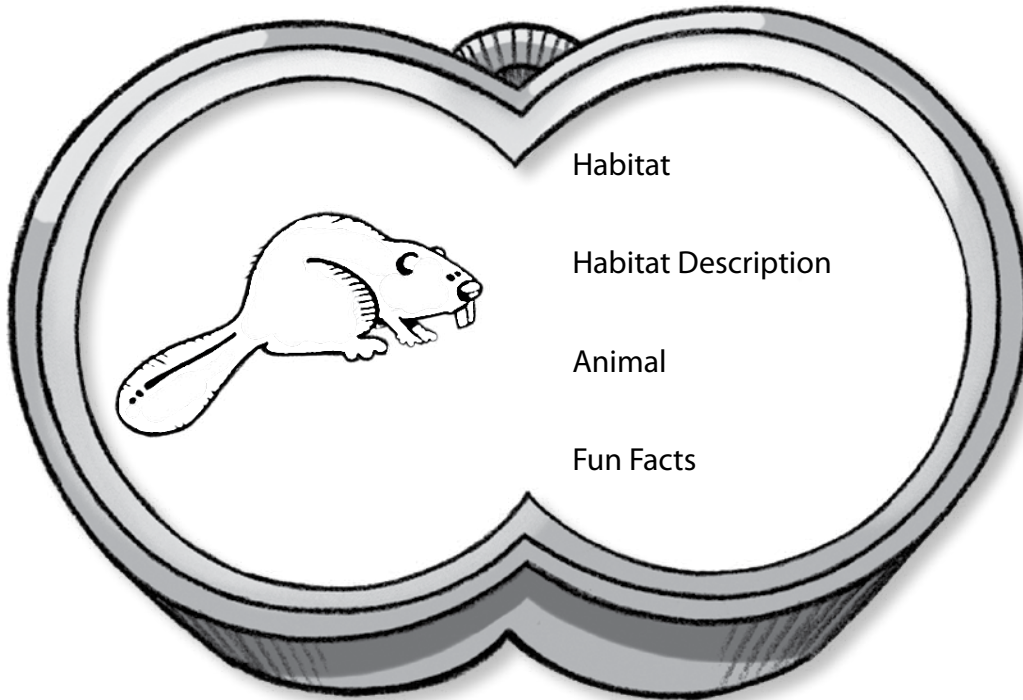

Print this notebook page and use it to record what you learn as you explore the *Investigate Fresh Water* page at DiscoverWater.org.

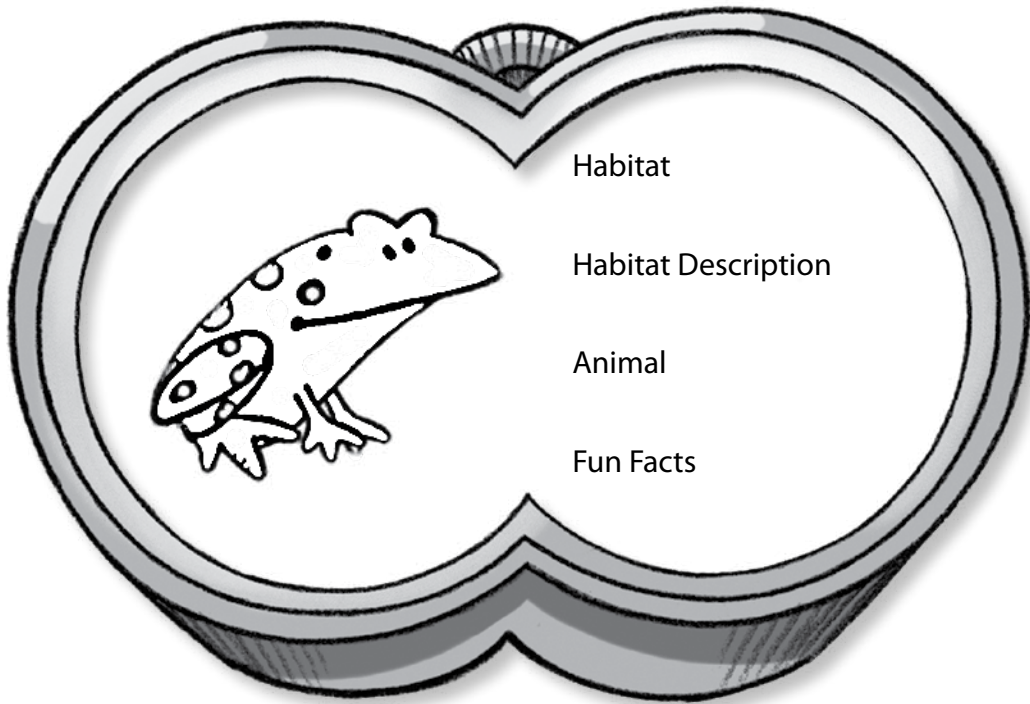

About 3 percent of Earth's water is usable fresh water (water that is accessible and can be treated and used for drinking and other human needs). What does 3 percent look like?

FIELD GUIDE

As you complete the online *Investigate Fresh Water Activity* add information about each animal or plant you discover. You can also sketch in features of each animal or plant's habitat.
